Mini Cooper - 2004

If you own one of these fabulous cars then you know how fun it is to drive. And, you probably know that your MINI

is packed with some of BMW's latest automotive technology. But if you want to maintain and repair your car yourself (or just want to understand what's going on under the bonnet), you'll be wanting the MINI Cooper, Cooper S 2002-2004 Service Manual by Bentley Publishers. This is the only comprehensive, single source of service information and specifications available for MINI models from 2002-2004. The aim throughout this manual has been simplicity, clarity and completeness, achieved through practical explanations, step-by-step procedures and accurate specifications. Whether you're a professional technician or a do-it-yourself MINI owner, this manual will help you understand, care for and repair your car. Bentley Publishers' new MINI service and repair manual is based on factory information, but is heavily supplemented by hands-on experience and illustrations. The service manual editorial team has disassembled and photographed several MINI

models for this project in the Bentley Service Information Research Center.

Jaguar Lightweight E-type - Philip Porter
2017-10-03

The Great Cars series returns with an in-depth look at the 1963 Lightweight Jaguar E-type, chassis number 49 FXN. This Porter Press series selects individual vehicles that stand out in the racing world, and commits to a full biography of them. This luminary among Jaguar Lightweight E-types made its race debut at the Nurburgring, freshly

modified for aerodynamics and with an incredible engine developed by masterminds Dr. Samir Klat and Prof. Harry Watson. Peter Lumsden and Peter Sargent proved its high-speed potential by running third in the GT class at Le Mans the next year, and three months later, it was the best-placed E-type at the Tourist Trophy at Goodwood, as well as fifth in the GT class. 49 FXN's successes go on, and you'll see them all in full across nearly 300 period images, many previously unpublished, and plenty of full color studio photography.

That Near Death Thing - Rick Broadbent 2012-05-17

The Isle of Man TT - the world's most dangerous race - as seen through the eyes of Cummins, Martin, McGuinness and Dunlop. THAT NEAR DEATH THING is a life-affirming journey to the heart of the world's most dangerous race.

The Isle of Man TT is a throwback to a maverick era that existed before PR platitudes and PC attitudes. WILLIAM HILL SPORTS BOOK OF THE YEAR-shortlisted author Rick Broadbent gets inside the helmets of four leading motorcycle racers as they battle fear, fire and family tragedy for a gritty sort of glory. Guy Martin is a tea-drinking truck mechanic and TV eccentric who 'sucks the rabbits out of hedges', but must now deal with the flipside of fame; Conor Cummins is the local hero facing a race against time as he battles depression and a broken body after falling down the mountain; John McGuinness is the living legend fending off the ravages of middle-age for one last hurrah; Michael Dunlop is the wild child living with one of the most remarkable legacies in sport. They tell their astonishing stories in a book that provides the most rounded, intimate, behind-the-scenes account yet of the last great race. Rick Broadbent has delivered the final word on the

Isle of Man TT, one that really gets to grips with an event that continually pulls unsung riders and fans back year after year to witness That Near Death Thing.

Rootes Story - Geoff Carverhill 2018-11-23

The Rootes Story - The Making

of a Global Automotive Empire traces the meteoric rise of the two Rootes brothers, William and Reginald, development of one of Britain's most important motor vehicle manufacturers. The Rootes Group acquired some of the most famous names in the British motor industry: Hillman, Humber, Sunbeam and Singer cars, as well as Commer and Karrier commercial vehicles. Over the years, some of the models built by Rootes would become household names: the Hillman Minx, Humber Super Snipe, Sunbeam Alpine, Singer Gazelle, Commer Superpoise and Karrier Bantam. In its heyday in the late 1950s, Rootes was the fourth largest manufacturer of cars and trucks in Britain, exporting to over 180 countries worldwide, becoming a global automotive empire. In this book, the people and various companies involved with Rootes are profiled, as are the cars and commercial vehicles built by them, with specifications of principal models. Personal insight from employees is given

along with valuable contributions from the Rootes family themselves. This book celebrates the heyday of a truly global automotive empire and one of the most important British vehicle manufacturers of the twentieth century. This is the first book written about Rootes to be sanctioned by the Rootes family. Will be of great interest to owners and enthusiasts of Rootes cars, and those with an interest in British automotive and industrial history. Superbly illustrated with 52 colour and 361 black & white photographs.

Keith Woodcock 2017-04-03
This practical and stimulating book introduces and showcases a wide range of motoring art styles. Recognising the importance of drawing and research, it explains the key components of a successful painting, looking particularly at light, perspective, drawing ellipses and the vehicle itself. Including over 150 finished

paintings with full descriptions of how they were conceived and carried out, this beautiful book is sure to inspire both artist and buyers alike, and gives a unique insight into the work of a leading motoring artist. Gives an introduction to a variety of methods, materials and techniques and instruction on understanding and drawing the structure, mechanics and movement of the car. Discusses the importance of light in determining the overall feel and atmosphere of the image, and offers ideas for composition with figures, backgrounds and weather conditions to set the scene. A wide range of examples illustrate atmosphere, emotion, composition and action. This book will inspire motoring artists and buyers alike, and is beautifully illustrated with 169 colour photographs.

Watching the Wheels -
Damon Hill 2018-07
The Sunday Times #1
Bestseller, shortlisted for the Cross Sports Book Award In 1996, Damon Hill was crowned Formula One World Champion.

For the first time ever he tells the story of his journey through the last golden era of the sport when he took on the greats including Ayrton Senna and Michael Schumacher and emerged victorious as World Champion in 1996, stepping out of the shadow of his legendary father Graham Hill. Away from the grid, Watching the Wheels: The Autobiography is an astonishingly candid account of what it was like to grow up as the son of one of the country's most famous racing drivers. It also tells the unflinching story of dealing with the grief and chaos that followed his father's tragically early death in an aircraft accident in 1975, when Damon was fifteen years old. Formula One drivers have always been aware of their mortality, and the rush that comes with the danger of racing was as intoxicating for Hill as it had been for his father's generation, until he came face-to-face with catastrophe when his team-mate, Ayrton Senna, was killed in 1994. The swirling emotions that Hill was faced

with in light of the death of Senna was a defining moment for his generation of drivers and for the first time ever Hill talks candidly about the impact that Senna had on his life, even as he watched his own son step into motor racing.

Courageously honest, and hugely rewarding, Watching the Wheels is a return to the last golden era of F1 racing, whose image still burns ferociously for those who love the sport for what it reveals about human skill in the face or near certain death.

Derek Bell - Richard Heseltine
2018-07-17

Derek Bell's name became inextricably linked with that of Porsche during his long and hugely successful career as a racing driver. In this new 276-page book, Bell collaborates with renowned motorsport author Richard Heseltine to give the reader a very personal insight into his experiences racing for the legendary German marque. The approach taken by this latest publication from Porter Press International is to look at every race Bell

drove for Porsche, in detail and with revealing comments from the book's subject. Light is cast on Bell's most prestigious victories with Porsche - four of his five in the Le Mans 24 Hours, three in the Daytona 24 Hours, two in the World Sportscar Championship - and many more besides. Bell describes the Porsches he raced, from the fearsome 917 to the iconic 956, 962, and 911. And he shares his thoughts on the now-legendary drivers he raced with, including six-time Le Mans winner Jacky Ickx, the famously flamboyant Hans Stuck, and two immense talents who lost their lives to the sport, Jo Siffert and Stefan Bellof. The overall effect is a fascinating trip back in time to a golden era for Porsche and sports car racing as a whole.

Bullitt - Matt Stone
2020-08-15

Get the behind the scenes view of arguably the most iconic automotive movie car and scene in history. Ask any automotive enthusiast what his or her favorite chase scene to appear in a movie is, and the

majority will respond with "Bullitt." It has made the top 5 in every list covering the best automotive chase scenes in history. But the appeal isn't just about the chase scene. Shot entirely on location in picturesque San Francisco in 1968, the movie not only features the historic chase scene but also many outdoor scenes filled with cars and architecture of the period that are filmed in crisp clear color. The movie was the fifth-highest-grossing film for 1968, it was well received by critics, and the chase scene won Franks P. Keller an Oscar for editing. In Bullitt: The Cars and People Behind Steve McQueen, you will get the complete behind the scenes picture of how all the action was coordinated and filmed. Included are the ideas behind the making of the movie, an interview with Director Peter Yates, production stills, and the planning for the scene. Also covered is the cast, the building of the cars used in the film, and the how and why the stunts were choreographed and

filmed. To round out the story, an examination of what happened to the cars is included as well as coverage of the multiple Bullitt Edition cars released by Ford after the film, including the latest 2019 edition. While several books have been published about Steve McQueen, the "King of Cool," never before has there been a thorough examination of this specific film and these specific cars. This edition is a welcome addition to the library of any McQueen, Mustang, or automotive film history fan.

The First Three Shelby Cobras - Gordon Bruce
2018-04-17

The First Three Shelby Cobras, the third book in the acclaimed Exceptional Cars series, tells the story of three remarkable cars, the first AC Cobras created by the legendary Carroll Shelby in 1962 and now favorites of sports-car enthusiasts throughout the world. The prototype CSX2000 has been described as the "most important American car", although it was built on a British AC Ace chassis with an

American Ford V8 engine. It was retained by the Shelby family until 2016, when it sold at auction for a record \$13.75 million. CSX2001 was the first production Cobra, and was delivered to American racing driver Ed Hugus. It was later sold to Frenchman Jean-Marie Vincent, who raced in the Tour de France and in numerous European hillclimbs. CSX2002 was the first Cobra to race and nearly won its inaugural outing at Riverside, driven by Bill Krause, until sidelined by a broken rear hub. It did take the first ever Cobra win, with Dave MacDonald at Tucson in March 1963. Its success led to a series of competition wins that made Shelby's Cobras famous and admired across the globe. All three cars are now the pride of car collections in the United States of America. CSX2000 and CSX2002 are part of the Larry Miller Collection, and CSX2001 belongs to California-based motorsport aficionado Bruce Meyer.

Alfa Romeo Monza - Mick Walsh 2018-04-17

This book tells the remarkable history of an Alfa Romeo Monza and its characterful drivers and owners, some with life stories worthy of a movie script. Built in 1933, '221130' was raced that year by the Hon. Brian Lewis and won its

debut at Brooklands and the arduous Mannin Moar race on the Isle of Man. The car continued to be raced until the war by John Cobb (1934) who later was a land speed record holder, Luis Fontes (1935) who was also an aeroplane racer, Anthony Powys-Lybbe (1936-37) and Fay Taylour (1938) who was interned during the Second World War for her Fascist links, at venues as diverse as Vila Real (Portugal) and Phoenix Park (Ireland). Post-war, a succession of notable owners included Peter Hampton, the Hon. Patrick Lindsay and Hubert Fabri, all passionate collectors, to arrive at its status today as one of the more important surviving Monzas, and a car with so much charisma and historic interest that it is a most worthy addition to the acclaimed 'Great Cars' series

Ugly Is Only Skin-Deep - Dominik Imseng 2016-09-19
IT WASN'T GERMAN ENGINEERING ONLY THAT MADE THE VOLKSWAGEN BEETLE AN ICON. IT WAS A

MANHATTAN ADVERTISING AGENCY, TOO. Created in 1959 by Doyle Dane Bernbach and continued through the '60s and early '70s, the campaign for the Volkswagen Beetle is considered the best of all time. More than just promoting a car, it promoted a new kind of advertising: simple, charming, intelligent and, most of all, honest. In "Ugly Is Only Skin-Deep," Dominik Imseng retraces the creation of Doyle Dane Bernbach, sneered at by the big players on Madison Avenue because of the "ethnic" background of its founders and employees, who were mostly Jewish. Readers will then learn how the agency won the Volkswagen account and how an unlikely creative team set the tone for the most admired campaign in advertising history. Finally, the book examines the evolution of the Volkswagen campaign and how it managed to convince more and more Americans that smaller was better. In fact, the Volkswagen campaign didn't only fundamentally change the ethos of advertising, it also

helped trigger the cultural revolution of the 1960s.

Pininfarina - Giorgio Nada

Editore Srl 2020-10-13

On the occasion of the 90th anniversary of Pininfarina, a marque synonymous with style and elegance applied to car design, Pininfarina is a book that surveys, for the first time, the entire output of the Turin coachbuilder, model by model. Produced in close collaboration

with the company, it draws on invaluable photographic material accompanying brief contextualising texts. Tracing the history of Pininfarina from its origins to the present day entails reviewing some of the most iconic models in automotive history: from the numerous Ferraris bodied by the historic partner of the Maranello firm to cars such as the Cisitalia 202, the Lancia Aurelia, the Alfa Romeo Duetto and 164, the Maserati GranTurismo through to the current models born under the aegis of the Indian firm Mahindra. The book also covers the numerous Pininfarina concept cars that have written glorious pages in the history of design, raising the bar every time in terms of the excellence of the car product.
