Council of Europe Charter on Education for Democratic Citizenship and Human Rights Education - Council of Europe. Committee of Ministers 2010-01-01
Education plays an essential role in the promotion of the core values of the Council of Europe: democracy, human rights And The rule of law, As well as in the prevention of human rights violations. developed over a period of several years as a result of wide-ranging consultations and is non-binding. it will be an important reference point for all those dealing with citizenship and human rights education. it will hopefully provide a focus and catalyst for action in the member states, As well as a way of disseminating good practice and raising standards throughout Europe and beyond.

<I>Identity, Education and Citizenship - <I>Multiple Interrelations

presents the outcomes of the 21st Conference of the Comparative Education Society in Europe (CESE), held in Copenhagen, in summer 2004. Among the sectors most powerfully affected are educational practices and

educational institutions of all kinds. Consequently, national educational policies must be examined and reviewed. The book tries to broaden the scope of existing Comparative Education literature and demonstrates the advantages of employing a comparative approach to current trends in society and education.
