Norton Anthology of Western Music - Claude V. Palisca 1996

Norton Anthology of World Religions - Cunningham, Lawrence S 2015-02-18

This magisterial Norton Anthology, edited by world-renowned scholars, offers a portable library of more than 1,000 primary texts from the world's major religions. To help readers encounter strikingly unfamiliar texts with pleasure; accessible introductions, headnotes, annotations, pronouncing glossaries, maps, illustrations and chronologies are provided. For readers of any religion or none, *The Norton Anthology of World Religions* opens new worlds that, as Miles writes, invite us "to see others with a measure of openness, empathy, and good will..."

Unprecedented in scope and approach, *The Norton Anthology of World Religions*:

Christianity brings together over 150 texts from the Apostolic Era to the New Millennium. The volume features Jack Miles's illuminating General Introduction—"How the West Learned to Compare Religions"—as well as Lawrence S. Cunningham's "The Words and the Word Made Flesh," a lively primer on the history and core tenets of Christianity.

Music in the Medieval West (Western Music in Context: A Norton History) - Margot Fassler 2014-03-27

Medieval music in its cultural, social, and intellectual contexts. Margot Fassler's *Music in the Medieval West* imaginatively reconstructs the repertoire of the Middle Ages by drawing on a wide range of sources. In addition to highlighting the ceremonial and dramatic functions of medieval music (both sacred and secular), she pays special attention to the exchange of musical ideas, the development of

musical notation and other methods of transmission, and the role of women in musical culture. *Western Music in Context: A Norton History* comprises six volumes of moderate length, each written in an engaging style by a recognized expert. Authoritative and current, the series examines music in the broadest sense—as sounds notated, performed, and heard—focusing not only on composers and works, but also on broader social and intellectual currents.

Study and Listening Guide for A History of Western Music, Sixth Edition, by Donald Jay Grout and Claude V. Palisca and Norton Anthology of Western Music, Fourth Edition, by Claude V. Palisca - James Peter Burkholder 2001

A tool for students, this classroom-tested guide provides chapter objectives, chapter outlines, study questions, lists of key terms and names, review questions, musical exercises and guides for listening.

The Norton Anthology of Western Literature: Beginnings through the Renaissance

- Sarah N. Lawall 2005-08-01
Read by millions of students over seven editions, *The Norton Anthology of Western Literature* remains the most trusted undergraduate survey of Western literature available and one of the most successful college texts ever published.

Music in the Eighteenth Century - John A. Rice 2013

Eighteenth Century Music in its cultural, social, and intellectual contexts. John Rice's *Music in the Eighteenth Century* takes the reader on an engrossing Grand Tour of Europe's musical centers, from Naples, to London, Berlin, Vienna, Prague, and St. Petersburg —with a side trip to the colonial New World. Against the backdrop of Europe's largely peaceful division into Catholic and Protestant realms, Rice shows how "learned" and "galant" styles developed and commingled. While considering Mozart, Haydn, and early Beethoven in depth, he broadens his

focus to assess the contributions of lesser-known but significant figures like Johann Adam Hiller, Francois-André Philidor, and Anna Bon. *Western Music in Context: A Norton History* comprises six volumes of moderate length, each written in an engaging style by a recognized expert.

Authoritative and current, the series examines music in the broadest sense—as sounds notated, performed, and heard—focusing not only on composers and works, but also on broader social and intellectual currents.

Basic Materials in Music Theory - Paul O. Harder 2006

For one-semester, freshman-level courses in Basic Musicianship, Music Fundamentals, or Music Foundations; and for graduate courses in theory review. This classic, self-paced, auto-instructional introduction to music fundamentals allows students to work independently through a programmed format, allowing instructors to concentrate on the more creative aspects of their course. From the wealth of clearly laid-out

lessons and exercises, students receive continual feedback and reinforcement as they work through the sequence at their own pace. The result is a more productive and enjoyable teaching and learning experience for all, both in and out of the classroom.

Ethics for the Information Age - Michael Jay Quinn 2006

Widely praised for its balanced treatment of computer ethics, *Ethics for the Information Age* offers a modern presentation of the moral controversies surrounding information technology. Topics such as privacy and intellectual property are explored through multiple ethical theories, encouraging readers to think critically about these issues and to make their own ethical decisions.

Music in the Western World - Piero Weiss 2007-05-07

This classic anthology assembles over 200 source readings, bringing to life the history of music through letters, reviews, biographical

sketches, memoirs, and other documents. Writings by composers, critics, and educators touch on virtually every aspect of Western music from ancient Greece to the present day.

Harmony in Context - Miguel A. Roig-Francolí
2019-03-29

Instrumental Music Education - Evan Feldman
2015-12-21

Instrumental Music Education: Teaching with the Musical and Practical in Harmony, 2nd Edition is intended for college instrumental music education majors studying to be band and orchestra directors at the elementary, middle school, and high school levels. This textbook presents a research-based look at the topics vital to running a successful instrumental music program, while balancing musical, theoretical, and practical approaches. A central theme is the

compelling parallel between language and music, including "sound-to-symbol" pedagogies. Understanding this connection improves the teaching of melody, rhythm, composition, and improvisation. The companion website contains over 120 pedagogy videos for wind, string, and percussion instruments, performed by professional players and teachers, over 50 rehearsal videos, rhythm flashcards, and two additional chapters, "The Rehearsal Toolkit," and "Job Search and Interview." It also includes over 50 tracks of acoustically pure drones and demonstration exercises for use in rehearsals, sectionals and lessons. New to this edition:

- Alternative, non-traditional ensembles: How to offer culturally relevant opportunities for more students, including mariachi, African drumming, and steel pans.
- More learning and assessment strategies
- The science of learning and practicing: How the brain acquires information
- The philosophies of Orff and El Sistema, along with the existing ones on Kodály, Suzuki, and

Gordon. • The Double Pyramid of Balance: Francis McBeth's classic system for using good balance to influence tone and pitch. • Updated information about copyright for the digital age
Evan Feldman is Conductor of the Wind Ensemble and Associate Professor of Music at the University of North Carolina at Chapel Hill
Ari Contzius is the Wind Ensemble Conductor at Washingtonville High School, Washingtonville, NY
Mitchell Lutch is Associate Professor of Music and Director of Bands at Central College in Pella, Iowa

Music in the Renaissance - Richard Freedman 2013

"Like the other volumes in the series, *Music in the Renaissance* brings a fresh perspective to the study of music by emphasizing social, cultural, intellectual, and political contexts of the music. Richard Freedman looks far beyond the notes on the page or the details of composers' lives to embrace audiences, performers, institutions, and social settings. For

example, the text shows how new technologies of music printing in the Renaissance permitted composers to align notation with sound, causing audiences accustomed to aural transmission to rethink the concept of a musical work."--Résumé du site web de l'éditeur.

Music - Roger Kamien 1999-09

Listening to Charles Ives - J. Peter Burkholder 2021-01-10

Charles Ives is widely regarded as the first great American composer of classical music. But listening to his music is an adventure—hearing how a piece begins may not prepare you for what comes next, or how it ends. Knowing one Ives piece may not prepare you for another. Award-winning music historian J. Peter Burkholder provides an introduction to the composer's diverse musical output and unusual career to readers of any background, discussing about forty of the best and most characteristic pieces framed with biographical sketches.

Burkholder shows how Ives mastered each tradition he encountered, from American popular music to classical European genres, from Protestant church music to his own unique experimental idiom, and then interwove elements from all these traditions in the astonishing works of his maturity. Listening to Charles Ives contains compelling walkthroughs of select pieces and ultimately reveals that there is an Ives piece for everyone.

The Norton Introduction to Literature - Kelly J Mays 2015-10-08

The Norton Introduction to Literature presents an engaging, balanced selection of literature to suit any course. Offering a thorough treatment of historical and critical context, the most comprehensive media package available, and a rich suite of tools to encourage close reading and thoughtful writing, the Shorter Twelfth Edition is unparalleled in its guidance of understanding, analyzing, and writing about literature.

Music in the Twentieth and Twenty-First Centuries (Western Music in Context: A Norton History) - Joseph Auner 2013-05-07

The music of the twentieth and twenty-first centuries in its cultural, social, and intellectual contexts. Joseph Auner's Music in the Twentieth and Twenty-First Centuries explores the sense of possibility unleashed by the era's destabilizing military conflicts, social upheavals, and technological advances. Auner shows how the multiplicity of musical styles has called into question traditional assumptions about compositional practice, the boundaries of music and noise, and the relationship among composer, performer, and listener. He also shows how composers and their works have played important roles in defining ideas of nation, race, and gender, and thus in shaping the modern world for better and worse. Western Music in Context: A Norton History comprises six volumes of moderate length, each written in an engaging style by a recognized expert. Authoritative and

current, the series examines music in the broadest sense—as sounds notated, performed, and heard—focusing not only on composers and works, but also on broader social and intellectual currents.

Music of the Peoples of the World - William Alves 2013-04-12

MUSIC OF THE PEOPLES OF THE WORLD, THIRD EDITION, takes a survey approach to world music, covering 11 music cultures. This text focuses on how to listen to and appreciate the music of different cultures, appropriate for students who are not music majors. The text also explores geography and history, allowing students to connect the music to its social context. Listening skills are developed through spotlights on non-Western instruments, and 30 listening guides track the audio step by step, pointing listeners to important characteristics of the piece. Many full-color photos and graphics of instruments, musicians, and cultural events help students understand the context of music in

countries with which they may be unfamiliar. The listening guides, an available 2-CD set (with full selections that help students hear significant differences among the music cultures), and Active Listening Tools (allowing students to view instruments and cultural settings while they listen to musical excerpts) further enhance listening and understanding. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Wide Sargasso Sea - Jean Rhys 1992

Beautiful and wealthy Antoinette Cosway's passionate love for an English aristocrat threatens to destroy her idyllic West Indian island existence and her very life

Charles Ives and the Classical Tradition - Geoffrey Block 1996-01-01

Although Charles Ives has long been viewed as the quintessential American composer, he placed himself in the European classical tradition, drew on it heavily for his aesthetic

philosophy and musical techniques, and extended it to create something new. This book illuminates Ives's music by comparing it with that of other composers in Europe and the United States. Edited by two highly regarded Ives scholars, the book begins with essays that examine the influences on Ives of his musical predecessors and concludes with essays that find extensive parallels between Ives and such European contemporaries as Mahler, Schoenberg, Berg, and Stravinsky, whose music he knew little or not at all, but with whom he shared influences and concerns. Taken together, these chapters demonstrate that even apparently strange or distinctively American aspects of Ives's music—from his penchant for quotation to his juxtaposition of disparate styles—have strong precedents and parallels among European composers. Ives emerges as a composer at home in the classical tradition, engaged in exploring the same issues that confronted composers of his generation on both

sides of the Atlantic.

The Norton Anthology of Western Literature

- Martin Puchner 2014

A classic, reimagined.

Study and Listening Guide for A History of Western Music, Fifth Edition, by Donald Jay

Grout and Claude V. Palisca and Norton

Anthology of Western Music, Third Edition, by

Claude V. Palisca - James Peter Burkholder 1996

Book of Songs (Shi-Jing) - Confucius 2021-06

The Book of Songs (or Shi-jing), the oldest existing anthology of Chinese poetry, comprises 305 works created over centuries. Some feature lyrics in simple language that reflects the common people, addressing love and courtship, political satire, and protest. Others focus on court life and dynasties; nearly all rhyme. This stunning dual-language edition features 32 beautiful verses, including "Se Miu," about a man exhaustedly working for the king, and "Odes Of Yong (Bo Zhou)," a melancholy love

poem.

Concise History of Western Music - Barbara Russano Hanning 1998

Concise History of Western Music combines Grout and Palisca's uncompromising reliability, scope, and respect for the narrative, while offering many more pedagogical aids, such as chapter preludes and postludes; "Etudes," excursions that explore the material more deeply than the main text; and "Windows," boxed discussions of special topics.

A History of Western Music - Donald Jay Grout 1996

The Norton Book of Nature Writing - Robert Finch 1990

W. W. Norton is pleased to announce that The Norton Book of Nature Writing is now available in a paperback college edition.

Norton Anthology of Western Music - J. Peter Burkholder 2014-04-21

A comprehensive collection of 220 works from

antiquity to the present.

Selections from the Book of Psalms - 1999

Norton Anthology of Western Music: Twentieth century - James Peter Burkholder 2010

This volume includes 50 examples of music from Debussy and Scriabin to Adams and Zwilich. With a note on using the anthology, list of instrument names and abbreviations, glossary, and indices.

The Classical Music Book - DK 2018-12-04

Who wrote the first true "opera"? Where did the system of musical notation come from? How do composers construct symphonies? The Classical Music Book answers these questions and more by exploring the history of classical music in clear and easy-to-follow sections. More than 90 works by famous composers are analyzed, with explanations of their music theory and impact on society. You will also explore the fascinating stories about the lives of crucial composers and performers. Covering Thomas Tallis in the early

period, baroque masters like Bach and Handel, and the classical genius of Beethoven and Wagner all the way to the modern-day composers, this comprehensive book explores the key ideas rooted in the world's greatest classical compositions and musical traditions. The importance of each composition is explained, placing them into their wider social, cultural, and historical context. With its unique approach to the subject, this the perfect classical music guide for everyone. Regardless of whether you are relatively new to the subject or if you are a classical music aficionado, there is plenty to discover on every page. Series Overview: Big Ideas Simply Explained series uses creative design and innovative graphics along with straightforward and engaging writing to make complex subjects easier to understand. With over 7 million copies worldwide sold to date, these award-winning books provide just the information needed for students, families, or anyone interested in concise, thought-provoking

refreshers on a single subject.

Study and Listening Guide for Concise History of Western Music, Fourth Edition, by Barbara Russano Hanning and Norton Anthology of Western Music, Sixth Edition Edited by J. Peter Burkholder and Claude V. Palisca - James Peter Burkholder 2010-03-25

This guide includes chapter objectives and outlines, study questions, analytical questions about the music, names and terms, and review questions.

Charles Ives and His World - J. Burkholder 2021-01-12

This volume shows Charles Ives in the context of his world in a number of revealing ways. Five new essays examine Ives's relationships to European music and to American music, politics, business, and landscape. J. Peter Burkholder shows Ives as a composer well versed in four distinctive musical traditions who blended them in his mature music. Leon Botstein explores the paradox of how, in the works of Ives and Mahler,

musical modernism emerges from profoundly antimodern sensibilities. David Michael Hertz reveals unsuspected parallels between one of Ives's most famous pieces, the Concord Piano Sonata, and the piano sonatas of Liszt and Scriabin. Michael Broyles sheds new light on Ives's political orientation and on his career in the insurance business, and Mark Tucker shows the importance for Ives of his vacations in the Adirondacks and the representation of that landscape in his music. The remainder of the book presents documents that illuminate Ives's personal life. A selection of some sixty letters to and from Ives and his family, edited and annotated by Tom C. Owens, is the first substantial collection of Ives correspondence to be published. Two sections of reviews and longer profiles published during his lifetime highlight the important stages in the reception of Ives's music, from his early works through the premieres of his most important compositions to his elevation as an almost mythic figure with a

reputation among some critics as America's greatest composer.

All Made of Tunes - James Peter Burkholder
1995-01-01

Charles Ives is famous for using borrowed material in his music. Almost two hundred individual works or movements, spanning his entire career and representing more than a third of his output, incorporate music by other composers or from his own previous work. In this book, the eminent Ives scholar J. Peter Burkholder identifies the different kinds of "quotations" in Ives's music, explores the complex musical, aesthetic, and psychological motivations behind the borrowings, and shows the purpose, techniques, and effects that characterize each one. Burkholder catalogues fourteen distinct ways that Ives borrowed, ranging from direct quotation to paraphrase, variation, collage, modeling, and stylistic allusion. Arguing that these borrowing procedures were compositional strategies, he

provides a new perspective on Ives's process of composition. In addition, by tracing the development of Ives's borrowing practices through his career, he contributes to an understanding of the composer's stylistic evolution. And by showing how much of Ives's music uses borrowing procedures that are common to many composers, he reveals that Ives is not as far removed from the classic-romantic tradition as has been thought. Finally, Burkholder's comprehensive treatment of Ives's borrowing techniques offers a new perspective on the entire field of musical borrowing.

The Norton anthology of world masterpieces
[v.1] - Maynard Mack 1965

Music in the Baroque (Western Music in Context: A Norton History) - Wendy Heller
2014

Companion to Music in the baroque.

The Essential Canon of Classical Music -
David Dubal 2003-10-24

The ultimate guide to classical composers and their music-for both the novice and the experienced listener Music, according to Aaron Copland, can thrive only if there are "gifted listeners." But today's listeners must choose between classical and rock, opera and rap, and the choices can seem overwhelming at times. In *The Essential Canon of Classical Music*, David Dubal comes to the aid of the struggling listener and provides a cultural-literacy handbook for classical music. Dubal identifies the 240 composers whose works are most important to an understanding of classical music and offers a comprehensive, chronological guide to their lives and works. He has searched beyond the traditional canon to introduce readers to little-known works by some of the most revered names in classical music-Bach, Haydn, Mozart, Schubert-as well as to the major works of lesser-known composers. In a spirited and opinionated voice, Dubal seeks to rid us of the notion of "masterpieces" and instead to foster a new

generation of master listeners. The result is an uncommon collection of the wonders classical music has to offer.

[The Norton Anthology of African American Literature](#) - 2004

A History of Western Music (Ninth Edition) - J. Peter Burkholder 2014-04-15

The definitive history of Western music, now with Total Access. Combining current scholarship with cutting-edge pedagogy, the Ninth Edition of *A History of Western Music* is the text that students and professors have trusted for generations. Because listening is central to music history, the new Total Access program provides a full suite of media resources—including an ebook and premium streaming recordings of the entire Norton Anthology of Western Music repertoire—with every new text. Combining thoughtful revisions—particularly to chapters on the twentieth and twenty-first centuries—with

exceptional media resources, *A History of Western Music* provides all the resources that students need in a text that will last a lifetime.

The Norton Anthology of World Literature - 2001

Music in the Nineteenth Century - Walter Frisch 2013

Nineteenth-century music in its cultural, social, and intellectual contexts. *Music in the Nineteenth Century* examines the period from the Congress of Vienna in 1815 to the advent of Modernism in the 1890s. Frisch traces a complex web of relationships involving composers, performers, publishers, notated scores, oral traditions, audiences, institutions, cities, and nations. The book's central themes include middle-class involvement in music, the rich but elusive concept of Romanticism, the cult of virtuosity, and the ever-changing balance between musical and commercial interests. The final chapter considers the sound world of

nineteenth-century music as captured by contemporary witnesses and early recordings. *Western Music in Context: A Norton History* comprises six volumes of moderate length, each written in an engaging style by a recognized expert. Authoritative and current, the series examines music in the broadest sense--as sounds notated, performed, and heard--focusing not only on composers and works, but also on broader social and intellectual currents.

[The World of Music](#) - David Willoughby

2009-07-30

The World of Music is a music appreciation book

designed for instructors who want to focus on listening to music as it exists in the real world of their students. Expanding the traditional repertoire used for music study, this popular text begins with American folk, religious, jazz, popular, and ethnic music before introducing some world music and concluding with a thorough overview of Western classical music. The approach captures the essence of each repertoire, and equips students to recognize different styles, appreciate their different functions, and possess a solid foundation for a lifetime of musical appreciation.
