The Art of Ancient Greece - J. J. Pollitt 1990

This book, a companion volume to Professor Pollitt's *The Art of Rome: Sources and Documents* (published by the Press in 1983), presents a comprehensive collection in translation of ancient literary evidence relating to Greek sculpture, painting, architecture, and the decorative arts. Its purpose is to make this important evidence available to students who are not specialists in the Classical languages or Classical archaeology. The author's translations of a wide selection of Greek and Latin texts are accompanied by an introduction, explanatory commentary, and a full bibliography. An earlier version of this book was published twenty-five years ago by Prentice-Hall. In this new publication Professor Pollitt has added a considerable number of new passages, revised some of his earlier translations and presented the texts in a different order which allows the reader to follow more easily the development of sculpture and painting as perceived by the ancient writers. The new and substantial bibliography, organised by topics as they appear in the book, emphasises works that deal directly with the literary sources or that supplement our knowledge of the personalities and monuments described in the sources. This collection will be welcomed by students and teachers of Greek art who have long been in need of an authoritative and reliable sourcebook for their subject.
