**The Practicing Mind** - Thomas M. Sterner 2012-04-12

In those times when we want to acquire a new skill or face a formidable challenge we hope to overcome, what we need most are patience, focus, and discipline, traits that seem elusive or difficult to maintain. In this enticing and practical book, Thomas Sterner demonstrates how to learn skills for any aspect of life, from golfing to business to parenting, by learning to love the process. Early life is all about trial-and-error practice. If we had given up in the face of failure, repetition, and difficulty, we would never have learned to walk or tie our shoes. So why, as adults, do we often give up on a goal when at first we don't succeed? Modern life's technological speed, habitual multitasking, and promises of instant gratification don't help. But in his study of how we learn (prompted by his pursuit of disciplines such as music and golf), Sterner has found that we have also forgotten the principles of practice — the process of picking a goal and applying steady effort to reach it. The methods Sterner teaches show that practice done properly isn't drudgery on the way to mastery but a fulfilling process in and of itself, one that builds discipline and clarity. By focusing on "process, not product," you'll learn to live in each moment, where you'll find calmness and equanimity. This book will transform a sense of futility around learning something challenging into an attitude of pleasure and willingness.

**365 Days With Self-Discipline** - Martin Meadows 2017-12-28

How to Build Self-Discipline and Become More Successful (365 Powerful Thoughts From the World's Brightest Minds) Its lack makes you unable to achieve your goals. Without it, you'll struggle to lose weight, become fit, wake up early, work productively and save money. Not embracing it in your everyday life means that you'll never realize your full potential. Ignoring it inevitably leads to regret and feeling sad about how more successful and incredible your life could have been if you had only decided to develop it. What is this powerful thing? Self-discipline. And if there's one thing that self-discipline is not, it's instant. It takes months (if not years) to develop powerful self-control that will protect you from impulsive decisions, laziness, procrastination, and inaction. You need to exhibit self-discipline day in, day out, 365 days in a year. What if you had a companion who would remind you daily to stay disciplined and persevere, even when the going gets tough? 365 Days With Self-Discipline is a practical, accessible guidebook for embracing more self-discipline in your everyday life. You'll learn how to do this through 365 brief, daily insights from the world's brightest minds, expanded and commented upon by bestselling personal development author Martin Meadows. This isn't just an inspirational book; most of the entries deliver practical suggestions that you can immediately apply in your life to become more disciplined. Here are just some of the things you'll learn: - why living your life the hard way makes it easy (and other suggestions from a successful entrepreneur and longevity scientist); - how to overcome your initial resistance and procrastination based on the remark made by one of the most renowned Renaissance men; - why, according to an influential neurosurgeon, it's key to see problems as hurdles instead of obstacles (and how to do that); - how to embrace an experimental mindset to overcome a fear of failure (a technique recommended by a successful entrepreneur and musician); - how to quit in a smart way, according to a world-famous marketing expert; - how to improve your productivity at work by implementing the advice from one of the most successful detective fiction writers; - how a trick used by screenwriters can help you figure out the first step needed to get closer to your goals; - how to maintain self-discipline in the long-term by paying attention to what a bestselling non-fiction author calls necessary to survive and thrive; - how your most common thoughts can sabotage your efforts (and other valuable insights from one of the most respected Roman Stoics); and - how to overcome temporary discouragement and look at your problems from the proper perspective, as suggested by a well-known public speaker and author. If you're ready to finally change your life and embrace self-discipline — not only for the next 365 days, but for the rest of your life — buy this book now and together, let's work on your success! *The Power of Discipline* - Daniel Walter 2020-04-08

Have you spent weeks, months, or even years trying to achieve your goals but keep failing? Have you given up on becoming successful because your futile efforts have led you to believe that success is only for the select few? If you have answered "yes" to any of these questions-- don't worry, there is still hope for you! Before you can achieve anything in life, you need a solid foundation of self-discipline. Talent, intelligence, and skill are only a part of the equation. Positive thinking, affirmations, and vision boards are only a part of the equation. If you want to turn your dreams into reality, you need self-discipline. Self-discipline is what will keep you focused when all hell is breaking loose and it looks like you are one step away from failure. It will give you the mental toughness required to dismantle the limitations you have placed on yourself and break through all obstacles standing in the way of your goals. How would you feel if I told you that your inability to achieve your goals does not arise because you are lazy or lack drive, but rather it's a problem because you have never been taught how to practice self-discipline? People are not born with self-discipline. Like driving or playing tennis, it's a skill that you learn. In The Power of Discipline you will gain access to easy-to-read, scientific explanations about self-discipline including: How to master self-discipline by targeting certain areas of the brain The Navy SEALs' secrets to self-discipline The Zen Buddhists' secrets to self-discipline How to make hard-work exciting How to ditch your bad habits and adopt the habits of successful people Strategies to keep going when your motivation runs out And much, much more By applying the principles in this book, you will develop your self-discipline, bulldoze through toward your goals, become an unstoppable force of nature, and start living the life you know you deserve! **The Little Book of Big Change** - Amy Johnson 2016-01-02

Little changes can make a big, big difference! In The Little Book of Big Change, psychologist Amy Johnson shows you how to rewire your brain and overcome your bad habits—once and for all. No matter what your bad habit is, you have the power to change it. Drawing on a powerful combination of neuroscience and spirituality, this book will show you that you are not your habits. Rather, your habits and addictions are the result of simple brain wiring that is easily reversed. By learning to stop bad habits at the source, you will take charge of your habits and addictions for good. Anything done repeatedly has the potential to form neural circuitry in the brain. In this light, habits and addictions are impersonal brain wiring problems that result from taking your habitual thinking as truth, and acting on that thinking in the form of doing your habit—over and over. This book offers a number of small changes you can make in your everyday life that will help you stop your bad habit in its tracks. If you want to understand the science behind your habit, make the decision to end it, and commit to real, lasting change, this book will help you to finally take charge of your life—once and for all.

**Million Dollar Habits** - Brian Tracy 2017-09-12

95% of what people think, feel and do, is determined by habits. Habits are ingrained but not unchangeable—new, positive habits can be learned to replace worn-out, ineffective practices with optimal behaviors that can cause dramatic, immediate benefits to the bottom line. In Million Dollar Habits, Tracy teaches readers how to develop the habits of successful men and women so they too can think more effectively, make better decisions, and ultimately double or triple their income. Readers will learn how to organize their finances, increase health and vitality, sustain loving relationships, build financial independence, and take a leadership role to turn visions into reality.

**Mindful Self-Discipline** - Giovanni Dienstmann 2021-05-14

If you want to live a life of purpose, build good habits and achieve your goals, there is one skill that is more important than anything else: Self-Discipline. Self-discipline is not about punishment, it's about self-respect. It is not about being inflexible, but about living your best life. It is the superpower of focus in a world of distractions — allowing you to overcome procrastination, excuses, bad habits, low motivation, failures, and self-doubt. With it, you can stay on track with your values and goals even through the times when you are least inspired. Self-discipline allows you to choose who you want to be and live by design rather than by default. As a meditation teacher and self-discipline coach, Giovanni Dienstmann has helped hedge fund managers, CEOs, entrepreneurs, ambitious professionals, artists and pro athletes to live a more focused and disciplined life. Since 2014 he has been successfully coaching people to overcome distractions, procrastination, self-doubt, fear, and other forms of self-sabotage. Whatever self-discipline challenge you face, whatever excuse you are telling yourself — Mindful Self-Discipline is a collection of all these years of experience, converted into a tool for you to use. This revolutionary book is a comprehensive and practical guide for you to develop self-discipline in a balanced way — without beating

yourself up. It emphasizes the use of mindfulness and awareness as key components for building habits, rather than forcefulness and willpower. If you have tried other methodologies and failed, then this is for you. This manual for living your life purposefully contains: — Over 50 step-by-step exercises — Over 100 illustrations and diagrams — Links to the scientific studies about each topic Many, many examples — all to make it as easy as possible for you to actually apply all this knowledge and transform your daily life. If you have tried other approaches (Miracle Morning, Atomic Habits, Willpower Instinct, Tiny Habits, Discipline is Freedom, Hooked, Can't Hurt Me) and didn't get the results you were after, then this is for you. Mindful Self-Discipline goes much beyond building habits, time management, and forcing yourself. It is gentler, more achievable, and rooted in living a life of purpose. Think you are not made to be self-disciplined? Think again.

Self Discipline Mindset - Curtis Leone 2016-02

This book has actionable information that will help you to supercharge your self-discipline to achieve great feats in life. We all set many goals in life and hope that we will achieve them. Unfortunately, many of us don't have the discipline to follow what it takes to transform these goals to reality. We somehow lose our passion and drive to do what needs to be done after setting goals. Think about it; every year, we all set New Year's resolutions with the hope that by the end of the calendar year, we would have changed different aspects of our lives. We start off overly excited that by the end of the year, our life would be completely different. However, that doesn't happen for many of us because we lose our focus and passion for whatever it is that we want to achieve. As you well know, you cannot go far in life if you cannot implement everything needed to transform your goals into reality. You cannot chase your dreams and actualize your goals if you are not determined, strong willed, and have the power to control emotions, desires, and feelings that derail your goals and their achievement. To achieve success, you must boss your thoughts and emotions as well as exercise perseverance and endurance, which are extremely important self-discipline ingredients. Cultivating these character traits may sound challenging right now, but by the time you reach the last page of this book, self-discipline will come easy to you; you will find no difficulty in exercising self-discipline, and going after everything you desire. This book is the ultimate self-discipline master guide: it aims to teach you how to develop the self-discipline you require to pursue your goals, while avoiding distractions that tend to derail your goal pursuit. Make the best use of this wonderful opportunity and learn how to unlock your self-discipline right now.

**No Excuses** - Brian Tracy 2010-07-19

You don't need to have been born under a lucky star, or with incredible wealth, or with terrific contacts and connections, or even special skills...but what you do need to succeed in any of your life goals is self-discipline. Unfortunately, most people give in to the two worst enemies of success; they take the path of least resistance (in other words, they're lazy) and/or they want immediate gratification; they don't consider the long-term consequences of the actions they take today. No EYescuses! shows you how you can achieve success in all three major areas of your life; 1. Your personal goals. 2. Your business and money goals. 3. Your overall happiness. Each of the 21 chapters in this book shows you how to be more disciplined in one aspect of your life, with end-of-chapter eYescercises to help you apply the no eYescuses approach to your own life. With these guidelines, you can learn how to be more successful in everything you do - instead of wistfully envying others who you think are just luckier than you. A little self-discipline goes a long way...so stop making eYescuses and read this book!

**Self-Discipline** - Ray Vaden 2020-01-20

This book is all about the wonderful world of self-control and self-discipline. Self-discipline is a wonderful thing. It can mean the difference between achieving goals or not achieving goals. It can give a person a greater sense of self-worth. It can allow someone the ability to work harder for a shorter amount of time and accomplish much more than before. Self-discipline can make the process of dropping bad habits in favor of good ones much easier to accomplish. People who have self-discipline are happier in life. They have a greater sense of purpose overall and a greater sense of accomplishment in everyday life. Seeking self-discipline is the best way to a better life. Self-discipline is a goal that will only be accomplished by following a path that will cause a great deal of pain. Walking this path will require a good deal of hard work and dedication because this path is not an easy one to walk. Sometimes, people fall off. Sometimes, the direction of the path needs to be changed. Sometimes, the path needs to be broken up into smaller trips in order to be able to complete the whole journey. Self-control and self-discipline require hard work and serious commitment. If a person is not really serious about the need to develop self-discipline, then it just will not happen. No one can give anyone else self-discipline. It needs to be learned within. However, consider what happens if self-discipline is never developed. Can a person go on in life without ever developing any level of self-discipline? Of course, they can. What they will be missing out on is a lifetime of achievement. They will be giving up all sense of self-worth and self-fulfillment. They will lose out on the ability to replace bad habits with good ones. They will never know the joy of getting rid of addictions and temptations. They will be forever plagued by negative feelings of anger and regret and guilt. They will live their entire lives accomplishing nothing because they lack the necessary self-discipline to accomplish anything. They will not succeed. Of course, it is a purely personal choice. It is possible to live life without accomplishing anything. It is possible to just skate through life devoid of any sense of self-worth and self-love. It is possible to get to the end and never achieve any type of goal. However, what kind of life would that really be? The best way is to begin today to work on personal goals. Start now by deciding which habits are bad and need to be replaced. Make a list of good habits that need to be cultivated. Decide when this new lifestyle will begin--keeping in mind that sooner is better. Write down all the goals that need to be achieved and all the good habits that need to be cultivated. Post this list where everyone can see it. Tell family and friends. Get everyone involved. Most importantly, remember that a successful outcome will be its own best reward!

**The Return of Twin Peaks** - Franck Boulègue 2021-06-22

In 2017, twenty-five years after its initial release, a new season of *Twin Peaks* shook the world of television. This new book is a detailed analysis of the third season of the television series and aims to elucidate some of the meanings of *Twin Peaks: The Return* and explain these in terms of

philosophical, mythological and spiritual approaches. It focuses on the third season of Twin Peaks but also refers to the first two seasons, and to the film, Fire Walk with Me. Divided into three sections, the book first examines the third season as expanded storytelling through the lens of Gene Youngblood's theory of synesthetic cinema, intertextuality, integrationist, and segregationist approaches in the realm of fiction, and focuses on the role of audio and visual superimpositions in The Return. It goes on to question the nature of the reality depicted in the seasons via scientific approaches, such as electromagnetism, time theory, and multiverses. The third and final section aims to transcend this vision by exploring the role of theosophy, the occult, and other spiritual sources. The author's focus on the role of spirituality and science in Twin Peaks is what distinguishes this book from other works on the famous television series. The work of a scholar who is also a fan, the book should appeal to any hard-core Twin Peaks viewer. Foreword by Matt Zoller Seitz, editor-at-large at RogerEbert.com, and the television critic for New York magazine. This will be essential reading for fans of Twin Peaks and academics writing about it. Also of interest for students with an interest in philosophy, religion, science or spiritualism in visual and popular culture.

**The Self-Discipline Handbook** - Natalie Wise 2018-01-02

Learn why boundaries are not bad, why humility is hard, how to milk your momentum, how passion powers progress, why persistence is a virtue and patience is not optional. Learn how to be your own cheerleader, know your own creative cycle, and say so long to the Sunday night blues. Most importantly, learn how curiosity is the new vulnerability, and why, without it, self-discipline will never last. Do you struggle with finishing projects? Need to lose weight? Can't get to bed at a reasonable hour? We all know we need more self-discipline, yet most of us are a bit foggy on what it actually is. Is it being on time to everything? Or early? Waking up at 5am? Doing everything everyone asks us to, on time, all the time? Or is it something more meaningful, more nourishing? This handbook will teach you how to take joy in cultivating self-discipline. Learn what it is, how to get it, why we need it, how to keep it, and why we want it. It also covers the major stumbling blocks in our way, both internally and externally. If you could use a boost of self-discipline along

with a healthy dose of self-confidence, pick up this handbook today. You can't afford not to.

**No Excuses!** - Brian Tracy 2011-03-22

Most people think success comes from good luck or enormous talent, but many successful people achieve their accomplishments in a simpler way: through self-discipline. No Excuses! shows you how you can achieve success in all three major areas of your life, including your personal goals, business and money goals, and overall happiness. Each of the 21 chapters in this book shows you how to be more disciplined in one aspect of your life, with end-of-chapter exercises to help you apply the "no excuses" approach to your own life. With these guidelines, you can learn how to be more successful in everything you do--instead of wistfully envying others you think are just "luckier" than you. A little self-discipline goes a long way...so stop making excuses and read this book!

**Self Discipline** - Lucia Georgiou 2016-10-11

Laid out with an introduction all about unleashing the power within....Self discipline, the book goes into short obtainable steps in a day by day fashion to help you focus, commit and achieve in only 1 month!What is self-discipline? What does it mean to lack it? Why do you think you're not as disciplined as you would like? Is it becauseYou manage your time poorly?You lack organizational skills?You lack motivation?Procrastination is your greatest enemy?You're just too lazy?What many people don't realize is that all of these issues, which they see as causes of poor self-discipline, are actually symptoms. Are you confronting one or more of them?If you're contemplating purchasing the book, then you've decided it's time for a change of significant proportions, a change that might take only 30 days to implement, but that will last you for a lifetime. Your conviction is admirable, but to undergo such a change, you must first understand what self-discipline is and what it is not.Self-discipline is not:A personality trait that some people have and others don't.Using willpower to force yourself into action.On the contrary, self-discipline is:A skill that anyone can learn and train.becoming aware of your conscious or subconscious resistance to action and using different techniques to overcome, but not to crush that resistance.As you go through this life-changing 30 days challenge, remember that what you are doing is exercising your willpower muscle for the long run. Good luck!
